TENANT IMPROVEMENT WORK

- Airlines and tenants may perform work within tenant owned spaces on the condition that the work has been approved (see Above***) and above-mentioned activities are NOT involved in the improvements. Any work during a moratorium must be requested 1 Week prior to the start of the moratorium
- Airside/Apron work will be decided on a case-by-case basis and must be requested at a minimum, 1 week prior to the start of the moratorium through the project's Aviation Design and Construction Project Manager and the Airside Operations Supervisor Construction Liaison

AIRSIDE/AIR FIELD/APRON LEVEL WORK

- Airfield work, including Runway and Taxiway restrictions, will be decided on a case-by-case basis and must be requested at a minimum, 1 week prior to the start of the moratorium through the project's Aviation Design and Construction Project Manager and the Airside Operations Supervisor Construction Liaison
- Additional coordination with the airlines may be necessary for approval
- The FAA may issue a Maintenance Moratorium – NO access to FAA manholes or duct banks will be allowed during the specified moratorium

Moratorium Calendar on next page.
