

Terminal 3 Parking Garage Level Names Changing

Beginning January 29, parking levels at Terminal 3 will begin to be reconfigured and renamed. Changes will begin on current Level 5 and process down. Work will include replacement of signage, painting of walls, and restriping to modify the direction of some drive lanes. Changes are expected to be complete by March 9. See the list of level names changes and schedule below.

As sign changes are implemented throughout each level, two types of level identifying signs maybe noticeable on the same level for a short period of time. Please consult elevator lobby signs for the correct level designation.

When driving through the Terminal 3 garage, drivers should pay close attention to work signs, direction changes and restrictions through March 9. Please use caution when driving in proximity to workers who will be onsite around the clock.

Level 5 → **Level 7**

Beginning Feb. 2 at 4:00 PM

Level 4 → **Level 6**

Beginning Feb. 9 at 4:00 PM
